

The CIRCUS of Life

The boy who grew up with the Circus

MAKING
FUN
WORK

the
“moore”
that you have been
looking for...

Dennis H Moore
*Professional Speaker
& Showman*

WHAT OTHERS SAY ABOUT HIM

Your brief, to set a fun tone for the conference while getting a strong message across, was professionally delivered to exceed our expectations. Holding your session at the beginning of the conference proved excellent as it set the tone and opened the delegates up to conducive learning. That tone carried through the entire conference and your message of more fun in business and life was thought provoking and inspiring. Thank you for your professionalism. **Kylie Davies – NSW Training Coordinator – Australian Finance Group Pty Ltd**

Your opening address was perfect for the day. Once people are laughing they relax and the mood persists through the entire program. An added bonus was your ‘perspective’ of the mornings talks which completely cured the tendency of the audience to nod off after lunch. **Roger French – Natural Health Society of Australia**

His motivational presentation, heavily seasoned with laughter, was exactly what we were looking for. He was not only entertaining, but added a touch of fun whilst maintaining the motivation needed to end our conference. He also gave us an outstanding performance at our subsequent Sales Awards Dinner making both, highly successful events. **Archie Campbell – National Sales Manager MSA (Aust) Pty. Limited**

“Thank you for the wonderful presentation, we had some absolutely fantastic feedback from those attending and have never received such positive feedback for any of our speakers. I was particularly impressed with the way you balanced fun and serious messages, each point blending perfectly together. Thanks again Dennis, the funny line has definitely raised our bottom line.” **Winsome Bernard – MD, Quay Appointments**

“Dennis’ presentation was dynamic, entertaining, thought provoking and humorous. The power of his presentation was carried through to the next day in our workshop. Many reflected on his message in the group sessions.” **Wally A Gleeson - Queensland Meat Processors Association.**

“How refreshing and uplifting your performance, for you are a showman, was. It is so easy in today’s competitive and unstable working environment to forget the importance of humour and your talk has done much to remind us of that”. **David Batchelor – Wills & Trusts, Buckinghamshire, UK**

“You were exactly what I wanted for the last day to leave those in attendance in a happy mood and that is exactly what happened. There were plenty of laughs, mixed with motivation and it has been said that you were the best speaker we have had at a Convention for some years.” **Irene Dunning - Lions Club International**
